PRINTABLE CHECKLIST

Sanitation and rubbish in a long outage

Keep three things under control: toilets, hands and rubbish. Flush with a bucket of non-drinking water while the drains work, and switch to a lined bucket or camping toilet if they do not. Wash or sanitise hands after the toilet and before food. Double-bag rubbish and store it outside, away from doors.

- [ ] Bucket for flushing with non-drinking water
- [ ] Lidded bucket or camping toilet
- [ ] Strong bin bags and absorbent material
- [ ] Soap, hand sanitiser and wet wipes
- [ ] Bleach or disinfectant and rubber gloves
- [ ] Toilet roll for at least two weeks
- [ ] Nappies and period products if needed
- [ ] Lidded outdoor bin for bagged waste
